**ZERO TOLERANCE KNIVES**

# The ZT Team Paralyzed Veterans of America, Ken Onion & Strider

## ZT—Continuing a Tradition of Excellence

Since 1974, Kai USA has brought you what you have come to expect—the very highest quality and most innovative Kershaw and Shun knife designs available in the market today.

With our new line of Zero Tolerance Knives, the legacy continues. We have teamed up with Ken Onion and Strider Knives to bring you a new series of professional-grade duty-ready knives built to survive the harsh, real-world situations that confront you every day.

We call it ZT, Zero Tolerance. And that is our ultimate goal—Zero Tolerance in design, Zero Tolerance in function and Zero Tolerance in performance.

Whether you're in the Military, Law Enforcement, Fire and Rescue, on a Response Team, or are an EMS professional, if you demand only the best from your equipment, you will quickly recognize the many benefits that ZT has to offer. Because when you've got a life-and-death job, you need tools that can give you an edge. Zero Tolerance Knives can provide that edge.

## In Proud Partnership with the PVA

We are proud to partner with the Paralyzed Veterans of America (PVA) as we introduce Zero Tolerance (ZT) duty-ready knives.

A portion of the proceeds from every sale of these high-quality, duty-ready knives will be donated to the PVA Heritage Fund, which works on behalf of the veterans who have given so much in service to their country.

The PVA advocates for veteran's healthcare, research and education on spinal cord injuries, and works to assist its members to maximize their independence. In 2002 the PVA Outdoor Recreation Heritage Fund was established to permanently endow PVA's many outdoor sports programs. These activities are designed to promote a lifetime of health and fitness. These programs encompass a wide variety of activities from local to national levels and facilitate full individual participation.

We are honored to join in their efforts to assist America's paralyzed veterans.

## About Ken Onion

A master of his trade, Ken Onion is one of the most-sought-after custom knife-makers in the industry. His knives can be found in the most prestigious private knife collections, as well as in the pockets of his worldwide following.

Since the age of five, Ken has been fascinated by knives. But it wasn't until the late 1980s—after serving as a jet mechanic in the Marines and having a career in construction, heavy equipment repair, hydraulics repair, and robotics—that Ken picked up his first knife magazine. When he did, he realized he wasn't the only enthusiast with a passion for knives. He soon became consumed by the knife craft and eventually was tutored by the talented knife-maker, Stan Fujisaka. Then, after years of preparation—and some inspiration while working on a Harley cam for a friend—Ken created his first SpeedSafe knife.

His personal involvement throughout the design and manufacturing process ensures each SpeedSafe knife meets his high standards for performance and quality.

STRIDER KNIVES

## About Strider Knives

Strider is known for its military expertise and line of tactical knives designed to survive the most extreme conditions.

The company was founded and is currently operated by former military personnel. Their initial goal was to provide a field service knife constructed with the finest components available, yet affordable to the average enlisted man and within his maintenance abilities.

The background of the Strider founders enables the company to assess requirements for knife users ranging from the line soldier or marine, to special operations and law enforcement personnel, to hunters and commercial divers.

Working together, Ken Onion and Strider have created a new line of precision edged tools: Zero Tolerance duty-ready knives. When you have Zero Tolerance for anything but the highest quality and performance, you get ZT.

*When you have Zero Tolerance for anything but the highest quality & performance, you get ZT performance driven, duty-ready knives.*

A portion of the proceeds from every sale of this high-quality, duty-ready knife will be donated to the PVA Heritage Fund, which works on behalf of the veterans who have given so much in service to their country.

### **0100** Matte Black

Fixed blade military knife designed by KAI's Ken Onion. Unique blade style is designed for multi-tasking, minimal mass, and maximum performance. Offers ideal leverage for tough cutting situations and precisely centered point for piercing tasks.

Blade: CPM3V tool-steel, Tungsten DLC coating  
5.75 inches (14.6 cm), .190 inches thick  
Scales: 3-D machined, G-10 in matte black  
Overall: 10.5 inches (26.7 cm)  
Sheath: Nylon webbing; multi-carry configuration; MOLLE compatible; includes universal pouch  
Weight: 11.4 oz. (21.0 oz. with sheath)  
MSRP: \$295.00

A portion of the proceeds from every sale of this high-quality, duty-ready knife will be donated to the PVA Heritage Fund, which works on behalf of the veterans who have given so much in service to their country.

### **0200** Matte Black

### **0200ST** Matte Black

Same multi-task-ready Ken Onion design as the 0100, but in a compact folding knife. 3/8-in. hex head pivot shaft nut makes field adjustments possible with minimal tools. Ambidextrous thumb stud or index-finger protrusion for one-handed opening. Choose non-serrated or partially serrated blade style.

Blade: 154CM stainless-steel, Tungsten DLC coating  
4.25 inches (10.8 cm), .156 inches thick  
Scales: 3-D machined, G-10 in matte black  
5.25 inches (13.3 cm)  
Pocket clip: Reversible, removable for tip up or down, left or right-handed carry  
Weight: 7.7 oz.  
MSRP: \$160.00

# Zero Tolerance Knives with SpeedSafe Assisted Opening System.

**0301** Ranger Green

A portion of the proceeds from every sale of this high-quality, duty-ready knife will be donated to the PVA Heritage Fund, which works on behalf of the veterans who have given so much in service to their country.

**0302** Coyote Brown

Folding knife co-designed by KAI's Ken Onion and Strider. Features SpeedSafe® assisted opening system. 3/8-in. hex head pivot shaft nut makes field adjustments possible with minimal tools. Ambidextrous thumb stud or index-finger protrusion for one-handed opening. Both models feature a Tiger Stripe blade.

Blade: S30V stainless-steel, Tungsten DLC coating with Tiger Stripes, 4.25 inches (10.8 cm), .156 inches thick  
 Scales: 3-D machined, G-10 and Titanium in Ranger Green and Coyote Brown 5.25 inches (13.3 cm)  
 Pocket clip: Reversible, removable for tip up or down carry  
 Weight: 8.6 oz.  
 MSRP: \$295.00

**0400** Matte Black

Many of Ken's designs featuring the patented SpeedSafe torsion bar system for assisted opening.

**0400ST** Matte Black

Folding blade knife designed by KAI's Ken Onion. Features SpeedSafe® assisted opening system, Trac-Tec handle inserts for sure grip, and a modified Tanto blade. Ambidextrous thumb stud or index-finger protrusion for one-handed opening. Choose non-serrated or partially serrated blade style.

 Scales: Machined, aircraft aluminum, black anodized 5.00 inches (13.3 cm)  
 Pocket clip: Reversible, removable for tip up or down carry  
 Weight: 5.3 oz.  
 MSRP: \$150.00

#### LIABILITY DISCLAIMER

Zero Tolerance Knives are intended and sold for legitimate use only. The purchase, use, and ownership of knives are subject to a wide variety of local laws and regulations. Certain knife styles, blade designs, and blade lengths are not allowed in specific areas. In light of recent events involving national security, knives may not be permitted in government buildings or on government property (such as court houses, federal offices, national monuments, and airports), and government officials may take the position that knives are "weapons" under applicable laws. Due to the complexity and constantly changing nature of these laws and regulations, it is impossible for kai USA Ltd., to be aware of every restriction in every location in which our knives may be sold or carried. It is the responsibility of the buyer to investigate and comply with the laws and regulations that apply in his or her specific area. You, and not kai USA Ltd., are solely responsible for any claims resulting from violation of these laws and/or regulations. ZT products are made in the USA.

We reserve the right to change specifications, materials, or discontinue products at any time without notice.

#### LIMITED LIFETIME WARRANTY

Zero Tolerance products are guaranteed for the lifetime of the original owner to be free of defects when received from the factory. Any product we find to be defective in its original material, construction, or workmanship will be repaired or replaced with the same item or one of equal value at no charge. (Of course, normal wear, abuse such as prying with the knife, or neglect are excluded from this non-transferable warranty.) For warranty service, please return product via UPS or insured mail. Include your name, address, telephone number, proof of purchase (sales slip), and a short explanation of the warranty service requested to the address below. Please allow 4-6 weeks for delivery.
